Subject: Monthly Report October 2021

Parks: We are continuing winter maintenance at the City parks.

Cemetery: We did one (1) service in the month of October. We are continuing to maintain the cemetery. We are continuing to fix graves and level headstones. We have started repainting the Cemetery fence along Campton, this will be a continuing project. Q&D Construction has been using the cemetery to store the dirt from the NDOT project. When the project is complete, we will use the remaining dirt for improvements on the cemetery and the parks.

Public Works: We are doing a study to find out which streets are being used the most so that we can prioritize what need to be fixed first in the spring and figure out what supplies will be needed.

- All wells are running properly.
- All equipment is running properly.
- We have helped in multiple departments this month.
- Carlyanne has been continuing to update/ redo the signage at the City Landfill.

We held four (4) safety meetings in the month of May regarding the following subjects:

- Electrical safety.
- COVID precautions.
- Lifting safety.
- Chemical handling safety.

We are continuing to switch streetlights over to L.E.D.

Current Recycling Pricing:
